On behalf of the Southwest Simmental Group, we would like to welcome you to our 21st Annual Spring Production Sale. It is with a certain amount of pride that we look back over the last 21 years, not only at the quality of the cattle we have produced, but also the relationships we have developed with our customers and the success they have had with the cattle they have purchased from us. Thank you for your continued support over the years.

The bull offering is deeper, sounder, and more attractive. They are out of industry leading sires to help take the gamble out of your next calf crop. As in the past, there are a few bulls in the sale that could and probably should be promoted and placed in bull studs.

The group of bred females are second to none and represent some of our top cow families. This set of females are the kind to produce those top end calves we will all be talking about next fall. Most are safe to the top A.I. series and some are bred to the rising stars of the industry.

This is by far the best set of open heifers we have ever offered for sale. The group contains future show champions, donors, and front pasture cows. We talked long and hard to our members to get them to bring you this top cut of heifers.

The genetic lots are cutting edge. The next great one could be here.

Please feel free to contact any of the breeders or sale staff with your questions. We look forward to seeing you in Dunlap on February 24th. Once again, we would like to thank our past customers for their continued support and look forward to developing relationships with our new buyers.

Jeff Fitzsimmons

YW n/a

CE	BW	WW	YW	MM	API	TI
n/a	n/a	n/a	n/a	n/a	n/a	n/a

This is a great opportunity to buy in on some of the most influential genetics the cattle business has ever seen. This is a really attractive, well-built son of Irish Whiskey that is out of one of the greatest Angus donors we have ever been a part of. He's got great style and is bred to make program changing females. Take advantage.

GOLDEN ACRES & R&K SIMMENTALS

9.0	2.8	59.1	82.5	16.0	100.3	55.9

We couldn't be more proud of this son of our Duff 7155 Dixie Erica donor. Ever since he was born he has been special. Huge topped and big bellied, this bull offers it all. He is the reason breeding this Sim Angus genetics has become so incredibly popular. We said many times when he was a calf, this bull would be a poster child for what the cattle business is trying to produce. He came out easy and grew with incredible stoutness and structure at a rapid rate. We think this bull would satisfy the most discriminate eye. Look him over closely.

10.8	2.3	79.1	122.9	24.0	131.1	78.1

Thundar is a black baldy Escalade son that is really complete. Calving ease, solid growth and maternal numbers, with outstanding carcass data. He has a truly impressive muscle pattern, with that extra deep bodied rib shape. Thunder is fluid in his movement and correct in his structure. You are going to want to check this black baldy bull out on sale day.

FITZSIMMONS SIMMENTAL – (712) 790-0306

9.7	1.6	75.1	119.2	24.1	131.4	74.3

Homozygous Polled. Stone is a deep sided, broad topped Stepping Stone son with an impressive rib shape and smooth shoulder structure. We really like these Stepping Stone cattle for their fault free structure and fluid motion. This one was raised by the very best Mo Better daughter we have ever owned. Oh ya, she was also out of our Deva donor. With this kind of maternal power, Stone will sire those top notch replacements. Walk him on sale day. We think you will like him.

FITZSIMMONS SIMMENTAL – (712) 790-0306

11.1	2.1	71.6	112.4	24.6	131.0	76.2

In 2012, Escalade smashed the Iowa Beef Expo records and his sons continue to sort themselves to the top. Consistent calving ease, outstanding growth, maternal and carcass values combined with that special "something" that sets them apart from the other sire groups. Well, Carnac fits that description to a T. Oh ya, did we mention that he is out of our Mystieq donor that consistently produces sale toppers and high end performance bulls out of various sires. Escalade X Mystieq is a combination that is as close to a sure thing we can produce.

FITZSIMMONS SIMMENTAL – (712) 790-0306

5.6	2.9	65.9	94.6	17.6	101.0	60.4

This is one of the coolest looking bulls we have ever offered. He is the son of our Maggie donor. As many around me can tell you, I love to talk about this bull. He has a huge top and a big hip, but my favorite quality is his structure. He has a terrific back leg, big feet, and incredible softness in his ankles and stride. It is really hard to look away when you get a chance to watch this guy on the move. He is exactly what you should get when you breed a special cow to a historically great bull. He is the mix of terrific genetics and will stamp a program with all that comes with it.

GOLDEN ACRES & R&K SIMMENTAL – Doug 515-321-8457 / Chad 515-231-3706

Probably the most interesting bull we've produced in terms of combining phenotype and EPD's in a purebred package. Top 10% of the breed in 12 different EPDs yet still as you can see in the picture one you don't mind looking at. Top 4% for CE and a low individual birth weight. I could call him a potential purebred heifer bull but uniquely he's top 3% for both weaning and yearling weight. Certainly an interesting breeding piece here.

It isn't very often you come across a cow that gives you a "wow" factor quite like this Maggie cow did for us. We were very fortunate to be able to get in on her early and now she is going to be a lead donor cow for us. She is flawless in her design. She is soft bodied, monster boned, and has a big top on her. Maybe my favorite characteristic is how sound she is. She has the perfect leg design and has very soft pasterns and big feet. We are just getting started on this cow and this will be the first opportunity to own some embryos out of this great cow mated to the two-time Denver Champion Pay the Price. These embryos offer a fast way to inject elite genetics into any cow herd. We are expecting our first calf crop of these as well and cannot wait for the results.

A-I Bred: 6-13-18 to On The Mark #3210989
No Pasture Bull Exposure

Two full sisters sired by the hot Classified bull and out of one of my top donors. Both of these heifers are stout enough to make high end Simmental bulls and heifers or make highly marketable club calves. No bull exposure.

Duff Erica Lassie - Donor Cow

These two females are a product of a genetic package that puts together some of the most elite bloodlines in the cattle business. Everyone knows the impact Irish Whiskey females have had on shaping today's modern cow herd. When you combine that with the unbelievable build and structure of the Duff Erica Lassie donor, you get the results that made these matings so popular. The first calf born to this mating was valued at \$14,500 and sold right through this sale ring. Take advantage of the path that has made so many cattle breeders so much money and start to build around a great foundation that is tried and true. Both bred to SAV Brilliance sexed heifer semen. GA6 safe to Brilliance/no clean up bull. R&K 61 vet called pregged to clean up bull.

Pasture exposed: 6-12-18 to 7-20-18 to Chesnut Cash 503 #17655179

This is a good Grand Master daughter out of our great Dixie Erica 1013B. She was the first calf born out of this great cow and we are really happy with the results. We have had a few Grand Masters over the years and have always been happy with them. We have been crossing these good Angus genetics to some good Simmie bulls to make great 1/2 bloods and they don't get much better than 1013B. But the best results are yet to come making 3/4 bloods out of great cows like 713E. Take her home and enjoy the results. Bred to Uno Mas sexed heifer semen but vet called her bred to clean up bull.

Can't make the sale?
Watch and bid online at
DVAUCTION.COM

- Visit the DVAuction website at www.dvauaction.com
- Click on the "Create New Account" tab
- Enter a user name, password and your contact information
- Complete the banking information (if you are only interested in viewing, you can skip this section)
- Select your Time Zone, Accept the Terms and Conditions, and click "Create Account"
- Complete the process by answering a few questions, selecting your subscription choices
- Click on "Apply for Bidding" in the left corner of your screen to select the sales you wish to bid on
- Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference
- If you would prefer to be approved using your credit card, call 402-316-5460
- Please be sure to apply for bidding at least a day in advance of the sale. Every effort will be made to process your application in a timely manner

DVAuction will contact you once you have been approved to bid. We do not provide buyer names until you have purchased a lot in the sale and that number is only useable for that auction. After the sale, contact the sale owner or manager to make arrangements for payment and delivery of your online purchases

Please Note: High speed internet access (DSL, T-1 or Broadband) is required to be able to bid successfully during the sale. If you have any questions please contact DVAuction at 402-316-5460 or email support@dvauaction.com

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DVAuction. Simply follow the instructions listed above and as the sale date nears, there will be a "Proxy Bidding" link under the sale listing on the main page of DVAuction. You can then place the maximum amount that you'd like to bid and our system will represent your bid just as if you were there.

Big Whiskey Bred Heifers

All I can say about these females is cow power. From their bloodlines to their looks they have what it takes to make lasting impressions in anyone's herd. Three full sibs out of the \$41,000 dollar donor cow Forever Lady 934 will be sure to catch your attention. Her daughters have sold amazingly for Lazy H Bar and these will do the same. There are also four heifers out of Blue Chip that have what it takes to make great purebred or cross bred calves. These Blue Chips have always been a favorite of mine in my cow herd and I know they will make you smile next summer with a calf at side. Last but not least I have two 3/4 bloods that are out of Blaze of Glory. Make sure to look at the bottom side of their pedigrees and appreciate the cow power of Meyer 734 and the now deceased Forever Lady 5001 that have made females who are still proving themselves today. These are all bred to an Escalade Son I bought for \$6500 at the Iowa Beef Expo last year from Jeff Fitzsimmons. I think very highly of him and have fifteen breds at home that I expect to have awesome calves from this bull.

No Pasture Bull Exposure

This one is royally bred. She is a own daughter of the \$24,500 high seller RBS You're Right cow that Reck's sold a few years back in Des Moines. She went on to already raise a \$20,000 heifer that won at the Iowa State Fair, American Royal, and North American as a calf. Then as a bred she was Reserve at the North Central Regional. We are excited to offer this kind of genetics, and if we didn't think she would be a real highlight, she would not be for sale. This is an opportunity to advance a program.

n/a	n/a	n/a	n/a	n/a	n/a	n/a

A-I Bred: 6-2-18 to WLE Uno Mas (sexed heifer semen) #2532016

No Pasture Bull Exposure

When it comes to body and substance there aren't many better than this Shooting Star cow. She is really cool necked and shouldered and has a beautiful marked blaze face. All of this in a really powerful package. She is pregged safe to sexed heifer semen to start you off on the right foot to build a foundation around. Don't miss this one. No clean up bull.

A-I Bred: 6-26-18 to Ruby's Turnpike #3282048

No Pasture Bull Exposure

This homo black homo polled 3-yr.-old has as much potential as you can find in one. Lots of phenotype and even more pedigree. She is the granddaughter of DAF Summertime U29 who was a past AJSA Classic Champion and Denver sale feature. A flushmate to her mother is the red hot donor DAF Summer Z65 owned by Ivies and Diamond A who recently produced a \$46,000 valuation female on the "New Direction" sale. She sells safe to Ruby's Turnpike. Loads of potential in this mating so help yourself.

This stout, big bodied female combines a great look with a lot of power and body mass. A stylish female that still brings performance and cow power to the table. Her perfect uddered young dam is a stunning cow that brings some great maternal genetics to this already powerful pedigree. If you are looking for a project for a junior make sure you take a good look here. Her disposition is excellent! Look her up on "Finch Cattle" facebook video.

Here is a heifer that exemplifies why we do what we do. Proven genetics that helped start and maintain herds all across the country both in the showing and production. This elegant Pendleton daughter will command your attention on sale day, and then continue to command the respect of your neighbors when you get her home. See her video on "Finch Cattle" facebook page.

Highly competitive April Angus "Show Heifer" here, backed by genetic excellence! Her mother is incredible, and this one's built to be as well! I retained a full sib last year to this one, hence the reason for this one being offered for sale. A lot of fun to be had with this opportunity. Bound for the tanbark and the backdrop!
