DAF SUMMER Z65
Selling 3 ET Daughters

Sat., Nov. 6th, 2021
12:30 P.M.

Arthur Sale Barn
Arthur, Illinois

CATTLEMEN'S **Choice**

WELCOME

Welcome cattlemen to the Cattlemen's Choice Fall Harvest featuring Angus and Simmental Cattle, at Arthur Sale Barn, Arthur Illinois, in the heart of Amish Country. We will do a live auction and an on-line sale with DVAuction, and again a pre-sale parade on Friday evening at 7 p.m. with Rachel at Arthur Sale Barn facebook.

The Fall Harvest Sale will feature Dr. Craig Smith's Saline River Cattle Co. Cowherd Dispersal, selling a great group of Fall Cow/Calf Pairs, three classified full sib daughters of DAF Summer Z65 donor cow, that's a genetic money maker, with lots of A-I top sires used. This sale will also offer Angus and Simmental Show Prospects for Junior Projects, a strong group of A-Ied Bred Heifers, Bred Cows, and more Fall calving cows. The quality will be here if you need good cattle!

I have a great sales staff to help you, if you cannot attend in person. Watch the pre-sale parade and call my consultants or you can bid on DVAuction. If you buy on-line, please have trucking arrangements made before you buy.

This is the best cattle I have sold at the Fall Cattlemen's Choice Sale.

Thanks to Rachel and Dr. Paul for being our sale hosts – the cleanest Sale Barn in the Midwest!

God Bless America!

Larry and Cindy Martin

Saline River Cattle Company's "The Last Gathering"

There is no better way to raise a family than on the farm with all of the responsibilities and joy that working side by side with your kids can bring. The Illinois Jr. Simmental Association and American Simmental Association have provided my family this opportunity by taking us to new friends, great cattle and great times! We were introduced to Simmental cattle by a very successful Southern Illinois family at Bramlet Simmentals at a time when our youngest daughter, Katherine, was starting her 4-H career. Bo and Ashley Bramlet sold Katherine "Bramlet's Brooke" as her first show heifer. Katherine spent many hours with Bo, Ashley, Shea and Dusty learning the show business. As she became more involved and started to recognize the differences in cattle, we went back to Bramlet Simmentals and purchased additional heifers. They helped us at many shows fitting cattle, giving pointers and overall support. Katherine continued to gain confidence and we started to branch out to larger shows, including the AJSA regionals, Simmental Sweepstakes and the NAILE. Along the way we have used artificial insemination, embryo transfer and purchased live lots from other breeders, improving the quality of cattle we had available to show. The herd we have today is almost exclusively AI or ET bred, and many of them have been shown by Katherine. This twelve-year experience has brought many great memories, relationships, long rides home, countless hours at home preparing for contests and shows, and prepping cattle when other friends were at the lake or some other fun activity. However, myself, Cera and Katherine would not trade these memories for anything. We laughed, cried and grew as a family as only a farm family can!

Katherine now is a Jr at Murray State University and our other business, Greater Vision Veterinary Care, is expanding at an unbelievable rate. This limits the amount of time available to properly manage the registered Simmental, Angus and Red Angus herd we have put together. Therefore, we want to gather them for one last time, so that you can have the opportunity to enjoy them, with your family, making new memories that will last you a lifetime!

Sincerely,

Dr. Craig Smith, Cera Smith, and Katherine

If you have a fall calving herd and are looking to add muscle and shape, look into this guy! An extremely big topped, thick-ended bull who still has a real look of quality about him. Semen checked and ready to go. You won't find a better deal!!!
