Welcome!

Welcome cattlemen to Whitney McKinney's Simmental Cowherd Dispersal at Shelbyville, Illinois. Whitney and his family have been breeding Simmentals for 46 years, building a top quality herd through A-I service to the best bulls in the breed. You will appreciate this herd of home-raised, maternal inspired, mama cows that breed back A-I or bred to Werning herd bulls. This herd has an excellent health program of CHV, yearly vaccination program, listed in the sale catalog.

Whitney and Janet have raised their family through 4-H and AJSA programs, showing very competitive home-raised cattle. Whitney told me he's gonna slow down, but that remains to be seen. He's still giving advice to the next generation of McKinneys.

The McKinneys invite you to lunch from 11:30-12:15 p.m. on sale day and with pride offer you a great herd of well-bred cows. Opportunity knocks!!

LMCS / Larry Martin

HERD HEALTH

We pride ourselves on an extremely high health herd and take every precaution regarding herd health. Strict vaccination, parasite control, and mineral supplementation programs are implemented across all age groups. All calves are vaccinated with the Bovine Coronavirus, ManneHeimia Haemolytica, & Pasteurella Multocida Vaccine (ONCE PMH IN), and also the Bovine Rhinotracheitis Parainfluenza 3-Respiratory Syncytial Virus Vaccine (Nasalgen 3). Around weaning our calves will be vaccinated with Vision 7/somnus, Express FP10, Once PMH SQ. All calves are also dewormed and all heifers calf hood vaccinated.

All cows are vaccinated before calving with Triangle 10 and Guardian, as well as dewormed and given multimin.

2021 fall cows and calves will be up to date on vaccinations.

2022 spring calving cows will be up to date on vaccinations.

Welcome

My wife, Janet, and I would like to thank you for your interest in the McKinney Farm Dispersal Sale. We are proud of the females we have for you today and feel they are proof that, “If you are good to your cows, they’ll be good to you.”

In 1975, we began our journey into the cattle industry with a small herd. By 1980 we had transitioned into a purebred Simmental operation.

Our three children, Tonya, Josh, and Jessica grew up spending their summers and weekends in the barn. We were blessed to show cattle at the state and national level for nearly 30 years. There was nothing better than watching the kids work hard and play hard at showing our livestock. Our first grandchild started showing cattle in 2009 and all the other grandchildren have continued this tradition to this day.

Since the early days our herd has been built from a vigorous A.I. program. All cows are synchronized and bred to top A.I. sires. All live breeding and on site herd sires steam from proven genetics from such ranches as Werning Cattle Company. All mature cows will be sold today. My son Josh will be taking over our farm operation including a small herd of cows that he has retained.

My wife and I plan to retire and enjoy our free time watching our grandchildren learn, grow, and thrive in the cattle industry. Thank you for your interest today in what has been our passion for the past 46 years. We hope what you find here today serves your herd as well as it has served our family.
