FRIDAY. FEB 11, 2022 AT NOON

WELCOME to HERDBUILDER VIII

Welcome to HERDBUILDER VIII, we are excited to present to you an outstanding offering of Simmental and SimAngus Cattle.

As always, we begin our Sale with “Dams and Daughters” where a proven producer sells alongside her Bred Heifer daughter. The proof is in the pudding! We follow with our largest offering ever of “Beautiful Bred Heifers.” Next we will sell the most explosive set of Simmental and SimAngus Bulls this program has ever produced.

Finally we conclude the sale with a select group of Herdbuilding Bred Cows – some of which will be sorely missed.

So – Purebreds, Halfbloods, Solid Blacks, Baldies and even a couple Reds – all steeped in Genetic Excellence and ready to play a part in your program.

We look forward to seeing you in Arthur, Illinois on Friday, February 11 and we invite you to join with us in BUILDING some truly great cattle!

Sincerely,
Jay

Welcome to Northland Farm’s 2022 HERDBUILDER VIII Seedstock Production Sale at Arthur, Illinois. The Northland Simmental program started in 1974 with the birth of their first Simmental heifer calf. Through an extensive AI program and utilizing the Best Bulls of the Breed, Northland Farms transformed into a Seedstock Breeding Program.

Last year’s sale at Arthur, Illinois was very successful, selling cattle to eight states and the 2022 Northland Sale will offer customers the opportunity to purchase Northland’s Seedstock once again.

You will surely be impressed with the 2022 offering, featuring an even stronger set of Bulls, a tremendous group of Bred Heifers and a select set of proven productive Bred Cows.

Greg and I have seen the 2022 sale offering and welcome your inquiries. Hope to see you in Arthur on Friday, February 11.

Sincerely,
Larry Martin

AI Bred to Fully Loaded 5/19/21; Due 2/23/22.

An absolute standout from day one! I could talk half the day about how great "Pacemaker" daughters are and the other half about "Command" daughters. So here you have it – a stunning "Pacemaker," out of a "Command," and bred to the popular Heterozygous Black Baldy Sire "Fully Loaded." The calf could be a Black Baldy, could be a Red Baldy – could be solid Black or Red, but it has to be good!
